

## PUBLIC ACCESS CHANGES

### A1 All PACER Users

#### A1.1 Mobile Query

The mobile PACER Case Locator (PCL) provided by the PACER service center is now linked to the District CM/ECF application. Users can access the mobile query via the [Mobile Query](#) link on the Query selection criteria page, from a case link from PACER's mobile PACER Case Locator, or through the [Mobile Query](#) link on the Query results page.

The mobile query interface offers a simplified user experience optimized for display on mobile devices. This interface incorporates the following functions:

- Search interface
- Party selection from party name search result list
- Case selection from case search result list based on case or party name search
- Attorney information for selected case
- Party information for selected case
- Deadlines/Hearings for selected case
- Docket entries for selected case
- PACER login

#### A1.2 RSS Feed

Courts can make RSS feeds available to the public. The RSS feed software included with CM/ECF has been changed to report all activity for the last 24-hour period, regardless of the number of records. This information is pulled once per hour and synchronizes the RSS response times between District, Appellate, and Bankruptcy.
